

SmartWORKS provides skilled consulting services to our clients, as well as a systems perspective on programmatic design, implementation, and refinement. The organization has been privileged to work with many individuals and institutions in moving their programs and organizations toward innovative, “cutting edge” practices. We have also assisted organizations whose programs have experienced some challenges and who needed our assistance to refocus and reframe their work. Most importantly, we offer a strategic approach to setting priorities, acquiring and allocating the resources needed to achieve your organization’s goals

## History

SmartWORKS was incorporated as a for-profit corporation in the State of Michigan on July 30, 1991, to provide high quality, expert grant writing and evaluation services for schools, non-profits, government and faith-based organizations. We are experienced providers of the following services:

-  Grant Writing
-  Program Evaluation
-  Needs Assessment
-  System Planning and Development
-  Program Planning and Design
-  Proposal Development
-  Staff Development, Including Individual and Group Training and Coaching

## Expert Grant Writing & Local Evaluation Services

for Schools, Non-Profits,  
Government, and  
Faith-Based Organizations

## Grant Writing

We have successfully written grant applications totaling more than \$45 million. SmartWORKS consultants have extensive experience developing winning grant applications for local, state, federal, and private foundation programs.

You need only give us general direction; we will do the research, planning, writing, and submission. We also guarantee on time delivery for final submission packages.

## Customized Grant Research

Customized grant research is available for your project concept. We complete a comprehensive search of numerous databases to identify potential funding sources for your project idea.

## Local Program Evaluation

Local program evaluation services are offered in a variety of areas, including education, youth development, literacy, health, mental health, substance abuse prevention, mentoring, etc.

Our high quality evaluation services include development of record keeping and data tracking systems, data collection instruments, analysis and synthesis, and completion of program evaluation reports. Consultants also present evaluation findings at stakeholder planning sessions and meetings.

## Writing Critiques

Our review of your grant writing will allow you to hone your skills and improve your final proposal prior to submission. We offer objective assessment of your grant application using the selection criteria provided by the funding source. Our written feedback will offer specific wording and formatting recommendations to enhance your proposal's likelihood for success.

## Grant Writing Seminars

Half- and full-day workshops are offered for groups interested in learning more about the challenging field of grant writing. Grant writing seminars are available for teachers, non-profit administrators, and leaders of faith-based organizations. Seminars are customized to your group's needs.
